ZANETTI O, Validity of Direct Assessment of Functional Status as a tool for measuring Alzheimer's disease severity, 615

Subject index

Accidental injuries

effects of ageing on initial metabolic response 321

Action Research arm test

reliability and validity in stroke patients 107

Age-related disease

Cockayne's syndrome/Hutchinson—Gilford progeria/
Werner's syndrome, insights into ageing process, review 73

Alcohol

mortality amongst middle-age/elderly people in Denmark 739

Alzheimer's disease

as a psychiatric history as a risk factor for late-life dementia 181
clock-drawing test, dementia, review, cognitive impairment 399
differences from dementia with Lewy bodies, prospective study 631
Direct Assessment of Functional Status, a tool for measuring severity, dementia 615
use of tacrine in treatment, systematic review of literature 161

Anaemia

nutritional status of elderly vegetarians in China 455

Angiotensin-converting enzyme/inhibitors

use in elderly patients with heart failure 297

Anthropometry

measurement/evaluation of fat-free mass in elderly men/
women, bio-electrical impedance, dual-energy X-ray absorp-
tiometry 363

Anticoagulants

effect of age/quality of life on doctors' decision to antic-
oagulate patients with non-vascular atria, warfarin 285

Assistive devices

ownership/use amongst older people, disability 463

Atrial fibrillation

non-vascular, effect of age/quality of life on doctors' decision
to anticoagulate patients, warfarin 285

Australia

administration/prescribing of medication in nursing homes 385

Autonomic dysfunction

elderly bedfast patients 551

Barthel index

assessment of disability in chronic airflow limitation in old
age, comparison with Nottingham activities of daily living
index 369
European Stroke Database, assessment of functional status in
stroke patients when discharged from hospital 115

Biliary obstruction

investigation/treatment of elderly patients using endoscopic
retrograde cholangiopancreatography 683

Bio-electrical impedance

measurement/evaluation of fat-free mass in elderly men/
women, anthropometry, dual-energy X-ray absorptiometry 363

Bone fragility

assessment of femoral fracture risk using ultrasonic measure-
ment, osteoporosis, review 231

Brain donation

for research purposes, attitudes in decision-making of elderly
people 623

Breadth of base

walking, effect of ageing and Parkinsonism 49

Breast cancer

30 year relapse 649

Canada

folate relationship to vascular disease/cognition/stroke
serum in elderly people 485
prevalence of diabetes mellitus in elderly people, Canadian
Study of Health and Ageing 573

Canadian Study of Health and Ageing

prevalence of diabetes mellitus in elderly people, Canada 573

Cancer

symptoms and dependency levels in last year of life, variation
by age 129

Cardiac failure

congested status 11

Cardiovascular disease

non-response bias in elderly men, functional status and self-
rated health 35

Carers

caring for 651

Carotid disease

detection in patients suffering acute stroke, Oxfordshire
Community Stroke Project 677

Centenarians

Italian, quality of life 207

China

nutritional status of elderly vegetarians 455

Chronic airflow limitation

comparison between Barthel index/Nottingham activities of
daily living index in assessment of disabi 369

Chronic obstructive pulmonary disease

comparison between Barthel index/Nottingham activities of
daily living index in assessment of disabi, comparison with
chronic airflow limitation 369
depression in elderly outpatients 155
effect of walking aids and exercise capacity/oxygenation in
elderly patients 703
elderly people at home, community-based/hospital support 523

Clock-drawing test

Alzheimer's disease, dementia, review, cognitive impairment 399

Clostridium difficile

acute elderly medical patients, methicillin-resistant *Staphy-
lococcus aureus*, infection-control policy 561
hospital-acquired diarrhoea in elderly patients, staff aware-
ness/epidemiology 339

Cockayne's syndrome

premature ageing syndromes/Hutchinson—Gilford pro-
geria/Werner's syndrome, insights into ageing process,
review 73

Coeliac disease

older patients, review 535

Cognitive function

effects on resistance training and psychological well-being in
elderly people 469

- prediction of cognitive decline by occupation 477
relationship to folate, vascular disease/stroke serum in elderly people, Canada 485
variation of medication use patterns amongst community-dwelling elderly people 493
- Cognitive impairment**
Alzheimer's disease, dementia, clock-drawing test, review 399
screening of older people in ethnic minority, depression 271
- Colorectal cancer**
influence of age on screening 509
- Community hospitals**
reduced use of medical beds by elderly people 357
- Community services**
contact with very elderly people, changes over time, self-rated health/disability 23
- Congested status**
cardiac failure and renal failure 11
- Congestive heart failure**
diagnosis and therapy in elderly patients, review 539
- Coronary heart disease**
association with clinical manifestations/electrocardiograms in elderly people in Finland 729
- DEED study**
risk factors associated with discharge of elderly patients from the emergency department 697
- Dehydration**
serial laboratory tests for monitoring fluid balance in hospitalized elderly patients 311
- Dehydroepiandrosterone sulphate**
association with insulin-like growth factor I/testosterone in healthy active elderly people 745
- Dementia**
Alzheimer's disease, clock-drawing test, review, cognitive impairment 399
changes over time in very elderly people, self-rated health/disability/contact with community services 23
depression and suicidal ideation, wish to die 503
Direct Assessment of Functional Status, a tool for measuring Alzheimer's disease severity 615
medication use patterns amongst community-dwelling elderly people, variation with level of cognitive function 493
placement of sufferers in residential care or nursing homes 189
prediction by occupation type 477
prevention of falls 7
previous psychiatric history as a risk factor, case—control study 181
weight loss and feeding of nursing-home patients 637
- Dementia with Lewy bodies**
prospective study of differences from Alzheimer's disease 631
- Denmark**
effects of alcohol and mortality amongst middle-age/elderly people 739
- Depression**
changes over time in very elderly people, self-rated health/disability/contact with community services 23
elderly outpatients with chronic obstructive pulmonary disease 155
screening of older people in ethnic minority, cognitive impairment 271
suicidal ideation in patients with dementia, wish to die 503
- Diabetes mellitus**
age-related decline in knowledge in non-insulin-dependent diabetic patients, hypoglycaemic symptoms, Hong Kong 327
prevalence of in elderly people, Canada, Canadian Study of Health and Ageing 573
- Diarrhoea**
hospital-acquired in elderly patients, *Clostridium difficile*, staff awareness/epidemiology 339
- Diet**
fruit and vegetable consumption in later life 723
nutritional status of elderly vegetarians in China 455
undereating/undernutrition in elderly people, review 527
- Digitoxin**
half-life in very elderly patients, drug toxicity 222
- Direct Assessment of Functional Status**
a tool for measuring Alzheimer's disease severity, dementia 615
- Disability**
changes over time in very elderly people, self-rated health/contact with community services 23
measurement in older people 519
measurement of health status in older patients, SF-36 13
multiple impairments in community-dwelling older people 595
ownership/use of assistive devices amongst older people 463
prevalence of impairment/handicap in geographically-defined elderly population, Gospel Oak project 707
relationship between impairment 547
- District general hospitals**
use of community hospitals medical beds by elderly people 357
- Drug toxicity**
prolonged digitoxin half-life in very elderly patients 222
- Dual-energy X-ray absorptiometry**
measurement/evaluation of fat-free mass in elderly men/women, anthropometry, bio-electrical impedance 363
- Dyspepsia**
Helicobacter pylori negative and positive peptic ulcers 427
- Echocardiogram**
investigating heart failure in elderly people 291
- Emergency department**
risk factors associated with discharge of elderly patients, DEED study 697
- Endocrine deficiencies**
age-associated, relationship with muscle function in elderly women 449
- Endoscopic retrograde cholangiopancreatography**
investigation/treatment of biliary obstruction/gallstones/pancreatic cancer in elderly patients 683
- England**
activities of daily living, MRC Cognitive Function and Ageing Study, Wales 605
- Erythrocytes**
superoxide dismutase/glutathione reductase in centenarians 643
- Ethnic minority**
comparison between white elderly people in East/North London suffering mental health 375
psychiatric needs of elders in the UK 267
screening for depression and cognitive impairment in older people 271
- European Stroke Database**
assessment of functional status in stroke patients when discharged from hospital, Barthel index 115
- Falls**
prevention in patients with dementia 7
risk-factor assessment 569

- Fat**
percent fat/fat-free mass, age-related variability in body composition methods in men 147
- Femur**
proximal femoral fracture, achievements and prospects, review 667
- Finland**
prevalence of coronary heart disease and association with clinical manifestations/electrocardiograms 729
- Fluid balance**
dehydration in hospitalized elderly patients 311
- Folate**
relationship to vascular disease/cognition/stroke serum in elderly people, Canada 485
- France**
population-based study of pain in elderly people 279
- Gallstone disease**
prevalence and risk factors in Taiwan 437
- Gallstones**
investigation/treatment of elderly patients using endoscopic retrograde cholangiopancreatography 683
- Glutathione reductase**
superoxide dismutase/erythrocytes in centenarians 643
- Gospel Oak project**
prevalence of impairment/disability/handicap in geographically-defined elderly population 707
- Handicap**
prevalence of impairment/disability in geographically-defined elderly population, Gospel Oak project 707
- Health status**
assessment of older stroke patients, suitability of SF-36 19
measurement in older patients, SF-36 13
- Heart failure**
diagnosis and therapy in elderly patients, review 539
investigating necessity of echocardiogram in elderly people 291
use of angiotensin-converting enzyme/inhibitors in elderly patients 297
- Helicobacter pylori**
negative and positive peptic ulcers in elderly patients 427
serology population study in elderly people, Sweden 433
- Hip fractures**
elderly rest home residents and hip protectors 195
variation in length of hospital stay 333
- Hip protectors**
acceptability and compliance with nursing homes in elderly patients, Finnish nursing home 225
prevention of hip fractures in elderly rest home residents 195
- Hip surgery**
viability of soft tissue in elderly patients, pressure sores 217
- Hong Kong**
age-related decline in knowledge of diabetes mellitus/hypoglycaemic symptoms in non-insulin-dependent 327
care of the older Chinese population 423
- Hospitals**
long-stay wards, residents' levels of satisfaction, comparison with nursing homes 199
- Hutchinson—Gilford progeria**
premature ageing syndromes/Cockayne's syndrome/Werner's syndrome, insights into ageing process, review 73
- Hypoglycaemia**
age-related decline in knowledge in non-insulin-dependent diabetic patients, diabetes mellitus, Hong Kong 327
- Impairment**
prevalence of disability/handicap in geographically-defined elderly population, Gospel Oak project 707
relationship between disability 547
- Influenza vaccination**
evaluation of zinc or zinc/arginine supplement in elderly subjects, lymphocyte phenotype 715
- Injury Severity Score**
effects of ageing on initial metabolic response to accidental injuries 321
- Insulin-like growth factor I**
association with dehydroepiandrosterone sulphate/testosterone in healthy active elderly people 745
- Japan**
long-term care of the elderly 277
- Jaw reflex**
masseter muscle activity in healthy elderly people 689
- Lifestyle**
effects of age, circadian rhythmicity, sleep 67
- Liver**
comparison of older and younger patients 443
- Long-term care**
growing old in Japan 277
- Longevity**
quality of life of Italian centenarians 207
- Lung cancer**
use of radiotherapy in elderly patients 75-years and over 515
- Lymphocyte phenotype**
influenza vaccination, evaluation of zinc or zinc/arginine supplement in elderly subjects 715
- Malnutrition**
association with poor general health and oral dryness in hospitalized elderly patients 123
mortality amongst geriatric patients in acute-care hospitals due to inadequate caloric intake 303
undereating/undernutrition in elderly people, diet, review 527
- Masseter muscle**
jaw reflex activity in healthy elderly people 689
- Medication**
use patterns amongst community-dwelling elderly people, variation with level of cognitive function 493
- Memory**
resistance training effects on muscle strength and psychological well-being in elderly people 469
- Mental health**
comparison between ethnic minority and white elderly people in East/North London 375
psychiatric needs of ethnic minority elders in the UK 267
- Methicillin-resistant *Staphylococcus aureus***
acute elderly medical patients, *Clostridium difficile*, infection-control policy 561
- Mortality**
effects of alcohol amongst middle-age/elderly people in Denmark 739
elderly men/women in Sweden 585
geriatric patients in acute-care hospitals, malnutrition, inadequate caloric intake 303
- MRC Cognitive Function and Ageing Study**
activities of daily living, England, Wales 605
- Muscle function**
relationship with age-associated endocrine deficiencies in elderly women 449

Muscle strength

- age-related changes in muscle strength, quadriceps function, proprioception 55
- resistance training effects on psychological well-being and memory in elderly people 469

Myocardial infarction

- non-response bias in elderly men, cardiovascular disease, functional status and self-rated health 35

Non-response bias

- cardiovascular disease, functional status and self-rated health in elderly men 35

Nottingham activities of daily living index

- assessment of disability in chronic airflow limitation in old age, comparison with Barthel index 369

Nursing homes

- acceptability and compliance with wearing of hip protector in elderly patients 225
- administration/prescribing of medication, Australia 385
- admission of older people into inpatient beds without assessment 95
- placement of dementia sufferers 189
- quality of life of residents following mental stimulation by audiovisual programme 393
- residents' levels of satisfaction, comparison with long-stay wards 199

Nursing-home patients

- feeding and weight loss, dementia 637

Occupation

- prediction of dementia/cognitive decline 477

Oral dryness

- association with malnutrition/poor general health in hospitalized elderly patients 123

Osteoporosis

- assessment of femoral bone fragility/fracture risk using ultrasonic measurement, review 231

Oxfordshire

- community hospitals/district general hospitals medical beds use by elderly people 357

Oxfordshire Community Stroke Project

- carotid disease in patients suffering acute stroke 677

Pain

- population-based study of elderly people in France 279

Palliative care

- symptoms and dependency levels in last year of life, variation by age 129

Pancreatic cancer

- investigation/treatment of elderly patients using endoscopic retrograde cholangiopancreatography 683

Parkinsonism

- extra pyramidal signs in cognitively intact elderly people 547
- walking, effect on breadth of base 49

Peptic ulcers

- Helicobacter pylori* negative and positive in elderly patients 427

Percutaneous endoscopic gastrostomy

- feeding in patients with dysphagic stroke 671

Physician-rated health

- differences from self-rated health, elderly men, Seven Countries Study 41

Posture

- kinematic analysis of standing up and sitting down in elderly and young patients 137

Premature ageing syndromes

- Cockayne's syndrome/Hutchinson—Gilford progeria/Werner's syndrome, insights into ageing process, review 73

Prenatal growth

- association with rates of ageing 579

Pressure sores

- hip surgery, viability of soft tissue in elderly patients 217

Proprioception

- age-related changes in muscle strength, quadriceps function, functional performance 55

Proximal femoral fracture

- achievements and prospects, review 667

Pyogenic liver abscesses

- comparison of older and younger patients 443

Quadriceps

- age-related changes in muscle strength, proprioception, functional performance 55

Quality of life

- doctors' decision to anticoagulate patients with non-vascular atrial fibrillation 285
- Italian centenarians 207
- measurement of health status in older patients, SF-36 13
- mental stimulation of residents in nursing homes following audiovisual programme 393

Radiotherapy

- elderly patients 75-years and over with lung cancer 515

Rectal examinations

- attitudes of older patients and doctors 353

Rectus sheath haematoma

- diagnosis in elderly patients 512

Rehabilitation

- spasticity, review 239

Renal failure

- congested status 11

Residential care

- placement of dementia sufferers 189

Resistance training

- effects on muscle strength psychological well-being and memory in elderly people 469

Self-rated health

- changes over time in very elderly people, disability/contact with community services 23
- differences from physician-rated health, elderly men, Seven Countries Study 41
- non-response bias in elderly men, cardiovascular disease, functional status and self-rated health 35

Seven Countries Study

- differences between self-rated health and physician-rated health, elderly men 41

SF-36

- measurement of health status in older patients 13
- suitability in assessment of health status of older stroke patients 19

Sleep

- effects of age on lifestyle, circadian rhythmicity 67

Spasticity

- clinical management/rehabilitation, review 239

Stroke

- assessment of older patients, suitability of SF-36 19
- bedside swallowing assessment 99
- cost analysis of early supported hospital discharge 345
- detection of carotid disease, Oxfordshire Community Stroke Project 677

- European Stroke Database, assessment of functional status in patients when discharged from hospital, Barthel index 115
- non-response bias in elderly men, cardiovascular disease, functional status and self-rated health 35
- percutaneous endoscopic gastrostomy feeding in patients with dysphagic stroke 671
- relationship to folate, vascular disease/cognition serum in elderly people, Canada 485
- reliability and validity of Action Research arm test 107
- Suicidal ideation**
- dementia patients with depression, wish to die 503
- Superoxide dismutase**
- glutathione reductase in erythrocytes from centenarians 643
- Swallowing**
- bedside assessment following acute stroke 99
- percutaneous endoscopic gastrostomy feeding in patients with dysphagic stroke 671
- Sweden**
- Helicobacter pylori* serology population study in elderly people 433
- mortality in elderly men/women 585
- Tacrine**
- use in treatment of Alzheimer's disease, systematic review of literature 161
- Taiwan**
- prevalence risk factors of gallstone disease 437
- Testosterone**
- association with dehydroepiandrosterone sulphate/insulin-like growth factor I in healthy active elderly people 745
- Vascular disease**
- relationship to folate, cognition/stroke serum in elderly people, Canada 485
- Vegetarians**
- nutritional status of elderly, China 455
- Visual analogue scales**
- validity/sensitivity in young and older subjects, comparison 63
- Wales**
- activities of daily living, England, MRC Cognitive Function and Ageing Study 605
- Walking**
- effect of ageing and Parkinsonism on breadth of base 49
- Walking aids**
- exercise capacity/oxygenation in elderly patients with chronic obstructive pulmonary disease 703
- Warfarin**
- effect of age/quality of life on doctors' decision to anticoagulate patients with non-vascular atria 285
